TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by sections 82011, 87303, and 87304 of the Government Code to review proposed conflict of interest codes, will review the amended conflict of interest codes of the following agencies:

CONFLICT OF INTEREST CODE

AMENDMENT

STATE AGENCY:
Secretary of State

A written comment period has been established commencing on **June 13, 2003**, and closing on **July 28, 2003**. Written comments should be directed to Adrienne Korchmaros, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed amendment to the conflict of interest code will be submitted to the Commission's Executive Director for review, unless any interested person, or his or her duly authorized representative, requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed amendment will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced amendment to the conflict of interest code, proposed pursuant to Government Code section 87300, which designates, pursuant to Government Code section 87302, employees who must disclose certain investments, interests in real property, and income.

The Executive Director or the Commission, upon his or her own motion or at the interest of any interested person, will approve, or revise and approve, or return the amendment to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments, or comments, in writing to the Executive Director of the Commission, relative to review of the

proposed amendment to the conflict of interest code. Any written comments must be received no later than **July 28, 2003**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses, or small businesses.

AUTHORITY

Government Code sections 82011, 87303, and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict of interest code shall approve codes as submitted, revise the proposed code, and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict of interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict of interest code(s) should be made to Adrienne Korchmaros, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 2. SECRETARY OF STATE

NOTICE OF INTENTION TO AMEND THE CONFLICT OF INTEREST CODE OF THE SECRETARY OF STATE

NOTICE IS HEREBY GIVEN that the Secretary of State, pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendment to its Conflict-of-Interest code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The Secretary of State proposes to amend its Conflict-of-Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment adds new designated positions to the Secretary of State's Conflict of Interest Code, deletes designated positions that are no longer part of the organization and makes other technical changes to reflect the current organizational structure of the Department. Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than July 28, 2003, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than July 14, 2003, by contacting the Contact Person set forth below.

The Secretary of State has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The Secretary of State has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the Secretary of State must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments

are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

All inquiries concerning this proposed amendment and any communication required by this notice should be directed to:

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture proposes to amend Subsection 3055.6(c) of the regulations in Title 3 of the California Code of Regulations pertaining to the Fee Schedule for Nematode Certification.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before July 28, 2003.

INFORMATIVE DIGEST//POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary may, upon request, inspect plants, growing grounds, and records to determine which plants are not infected or infested with pests and may maintain this information in registries (Section 5821, Food and Agricultural Code). Existing law provides that the Secretary may certify as to the pest freedom of plants which have been inspected and registered and may charge a fee for the service of inspections, registrations, certifications, and special treatments (Section 5822, Food and Agricultural Code).

Existing Section 3055.6 provides requirements for application and fees for the nursery stock nematode certification program. Subsection 3055.6(c) establishes a schedule of fees for inspections, including sampling and testing, and special treatments, including the hourly rate that can be charged. The effect of the

amendment of this subsection is to increase the hourly rate from \$35 to a maximum of \$45. This enables those who elect to participate in the nematode certification program to know the maximum hourly rate that can be charged for program services.

The proposed action does not differ from any existing comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that Subsection 3055.6(c) does not impose a mandate on local agencies or school districts.

The Department also has determined that no savings or increased costs to any State agency, no reimbursable costs or savings under Part 7 (commencing with Section 17500) of Division 4 of the Government Code to local agencies or school districts, no nondiscretionary costs or savings to local agencies or school districts, and no costs or savings in Federal funding to the State will result from the proposed action.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed action will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed amendments to the regulations would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AUTHORITY

The Department proposes to amend Subsection 3055.6(c) pursuant to the authority vested by Sections 407 and 5823 of the Food and Agricultural Code of California.

REFERENCE

The Department proposes to amend Subsection 3055.6(c) to implement, interpret and make specific Section 5822 of the Food and Agricultural Code.

EFFECT ON SMALL BUSINESS

The adoption of this regulation may affect small businesses.

TITLE 14. DEPARTMENT OF PARKS AND RECREATION

NOTICE OF PROPOSED RULEMAKING

The Department of Parks and Recreation (DPR) proposes to amend the regulation as described below after considering all comments, objections and recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

DPR proposes to amend Section 4400, Title 14, Division 3, Chapter 3 of the California Code of Regulations. This regulation amendment concerns the administrative procedures that must be followed in order to file a protest against the awarding of a concession contract in connection with either an invitation to bid or request for proposal process.

PUBLIC HEARING

DPR has not scheduled a public hearing on this proposed action. However, DPR will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to DPR. The written comment period closes at 5 p.m. on July 28, 2003. DPR will consider only comments received by that time at the DPR office listed below. Submit comments to:

John Shelton
Concessions and Reservations Division
California Department of Parks and Recreation
P.O. Box 942896
Sacramento, CA 94296

AUTHORITY AND REFERENCE

Public Resources Code section 5003 authorizes DPR to adopt the proposed amendment to the regulation, which would implement, interpret or make specific the protest procedure for contract awards pursuant to Public Resources Code section 5080.03, et seq.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The purpose of the regulation amendment is to make the concession contract process more fair and understandable. It would accomplish this goal by clarifying the adding an administrative protest procedure in connection with the request for proposal process used by DPR to award concession contracts, and clarifying the time period in which a protest must

be filed against the awarding of contracts in connection with either a request for proposal or invitation to bid process.

Public Resources Code section 5080.03 authorizes DPR to enter into contracts for the construction, maintenance and operation of concessions within units of the state park system. DPR may award contracts for concessions occupying any portion of the state park system for a period of more than two years to the best responsible person or entity submitting a proposal in response to a DPR request for proposal pursuant to Public Resources Code section 5080.23, or to the best responsible bidder responding to a DPR invitation to bid pursuant to Public Resources Code section 5080.06.

The current version of Section 4400 of the regulations only provides a protest procedure for a contract award in connection with the invitation to bid process because DPR did not begin using the alternative request for proposal process until after the regulation was adopted. The proposed amendment would make the same administrative protest procedure applicable to both the request for proposal and the invitation to bid processes.

Opening of the proposals/bids: The current regulation also creates confusion by requiring protests to be filed within 10 days after the opening of bids. However, more than 10 days is usually required to evaluate proposals or bids after they are opened. As such, the 10-day period usually expires before the winning contract has been determined. Moreover, the Department's evaluation, conclusion and the competing proposals/bids are not made public until a notice of intent to award a contract is issued. This notice is rarely, if ever, issued within ten (10) days of the initial opening of the proposals/bids. The amendment will clarify the procedures by requiring that protests be filed within 10 days after the winning proposal or bid is announced by the issuing of a notice of intent to award a contract. This assures that protesters will first be able to assess the winning proposal or bid before the deadline for filing a protest has passed.

MATERIAL INCORPORATED BY REFERENCE

This regulation incorporates no materials by reference.

DISCLOSURES REGARDING THE PROPOSED ACTION

DPR has made the following initial determinations:

Mandate on local agencies and school districts: None.

Cost or savings to any state agency: None

Cost to any local agency or school district that must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other non-discretionary cost or savings imposed on local agencies: None.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or businesses: DPR is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Amendment of these regulations will not:

Create or eliminate jobs within California;

Create new businesses or eliminate existing businesses within California;

Affect the expansion of businesses currently doing business within California.

Significant effect on housing costs: None.

SMALL BUSINESS DETERMINATION

DPR has determined that the proposed regulation amendment affects small business.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), DPR must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to the affected private persons than the proposed action.

DPR invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation amendment during the written comment period.

INFORMATIVE DIGEST/POLICY
STATEMENT OVERVIEW

Adopt section 1379.23.

Existing regulations do not define the appropriate standard of care or level of supervision required for the practice of midwifery. Business and Professions Code Section 2507(f) requires the division to adopt regulations to define the appropriate standard of care and level of supervision for licensed midwives. This regulation would implement that code section.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Business Impact: The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

AND

The following studies/relevant data were relied upon in making the above determination: None

Impact on Jobs/New Businesses: The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations would not affect small businesses. The proposed amendment will not affect an individual's eligibility to obtain licensure as a licensed midwife, but will simply clarify the description of a requirement for physician supervision that already exists.

CONSIDERATION OF ALTERNATIVES

The Medical Board of California has determined that no reasonable alternative considered by it or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

STATEMENT OVERVIEW**

This would be true in a case with the presence of mitigating factors such

Cost Impact on Private Persons or Entities: There will be a cost impact to a private person or to a licensee who has been determined to violate those Business and Professions Codes or California Code of Regulations identified in section 1399.25. The amount of the cost impact, otherwise a fine, will be determined by the Executive Officer after either a formal or informal investigation has been completed.

Housing Costs: None

EFFECT ON SMALL BUSINESS

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

1) Adopt section 1398.12

Business and Professions Code section 2633 authorizes the Board to establish the use of an initial indicating possession of an earned academic degree. Business and Professions Code section 2655 establishes educational requirements for the profession of physical therapy.

There are varying levels of education achieved amongst those licensed in the physical therapy profession since the academic levels of physical therapy education have advanced from the Baccalaureate degree. Therefore, licensure cannot be assumed to be synonymous with the academic degree.

The PhD, doctorate in philosophy and now the DSc, doctorate in Science, as well as professional doctoral degrees in medicine, dentistry, nursing, education, physical therapy, etc. are all individuals with advanced degrees and are entitled to be referred to as "Doctor." Equally entitled, the consumer should have the freedom to choose their physical therapist based on academic preparation. Therefore, the physical therapist earning the academic title should be identified to the consumer as such by prefixing his or her name

with "Doctor in written communication, including a badge bearing the licensee's name, if the name is followed by an unabbreviated specification of the applicable doctorate degree held by the licensee or, in spoken communication, the speaker specifies he or she is a physical therapist.

Copies of the proposed amendments, written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact person set forth below.

The Department has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.

5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the Department must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

The Office will accept written comments on the modified regulations for 15 days after the date that they are made available. The Office may adopt, amend, or repeal the foregoing proposal substantially as set forth without further notice. The Final Statement of Reasons will be made available.

ALTERNATIVES CONSIDERED

The Office has determined in accordance with Government Code Section 11346.5(a)(B) that no reasonable alternative considered by the Office would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected persons than the proposed action.

FISCAL IMPACT ESTIMATES

1. Local Mandate Determination (Cal. Gov't Code 11346.5(a)(5)): As the proposed amendments will impose requirements upon all California hospitals, and will only incidentally affect governmental hospitals, there is no local mandate created by the proposed revisions that would require state reimbursement.
2. Estimated Cost or Savings to Any State Agency (Cal. Gov't Code 11346.5(a)(1)(6)): None.
3. Cost to Any Local Agency or School District That is Required to be Reimbursed by the State (Cal. Gov't Code 11346.5(a)(1)(6)): None.

4. Non-Discretionary Cost or Savings Imposed on Local Agencies (Cal. Gov't Code 11346.5(a)(1)(6)): None.
5. Cost or Savings in Federal Funding to the State (Cal Gov't Code 11346.5(a)(1)(6)): None.
6. Impact on Housing Costs (Cal. Gov't Code (11346.5(a)(12)): None.
7. Potential Cost Impact on Representative Private Persons or Affected Business, Other Than Small Businesses (Cal. Gov't Code 11346.53(a)(9)): None.
8. Potential Adverse Economic Impact on Business (Cal. Gov't Code 11346.5(a)(7)): The Office has made an initial determination that the adoption of this regulation will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The Office has chosen the alternative that would lessen any adverse impact on business.
9. Reasonable Alternatives That Would Lessen Adverse Economic Impact On Small Businesses (Title 1, C.C.R. Section 4): The Office has determined that the regulations will not affect small businesses as defined in Government Code Section 11342.610.

"As required by Section 4 of Title 1 of the California Code of Regulations, the Office has determined that the regulations will not affect small businesses as defined in Government Code Section 11342.610.

All affected hospitals either have more than 150 beds, have annual gross receipts exceeding \$1,500,000, are not independently owned and operated, or are organized as nonprofit institutions."

To make this determination, OSHPD used financial data elements for individual hospitals in its Quarterly Data File containing aggregated data for the four quarters ending December 31, 2001 (calendar year). Annual gross receipts were calculated to be the sum of the following data elements: Net Patient Revenue, Other Operating Revenue, and Nonoperating Revenue Net of Nonoperating Expense.

DETERMINATIONS

The Office has determined that the regulations would not significantly affect the following:

- (1) The creation or elimination of jobs within the State of California.
- (2) The creation of new businesses or the elimination of existing businesses within the State of California.
- (3) The expansion of businesses currently doing business within the State of California.

GENERAL PUBLIC INTEREST**DEPARTMENT OF
HEALTH SERVICES**

NOTICE OF GENERAL PUBLIC INTEREST THE
DEPARTMENT OF HEALTH SERVICES
INTENDS TO SEEK FEDERAL APPROVAL OF A
STATE PLAN AMENDMENT FOR ENHANCED
PAYMENTS TO PRIVATE TRAUMA HOSPITALS
CONTRACTING WITH THE DEPARTMENT

This notice is provided to inform the public of the Department of Health Services' (DHS) intent to amend California's Medicaid State Plan to provide enhanced payments to private trauma hospitals in Los Angeles County subject to approval by the federal Centers for Medicare & Medicaid Services. The details of this program are described below.

**ENHANCED PAYMENTS TO PRIVATE TRAUMA
HOSPITALS IN LOS ANGELES COUNTY**

Los Angeles County voters recently approved a measure to levy a special property tax that will be used, in part, to help build and sustain the "County-wide System of Trauma Centers." Measure B specifies that the funds are to be used to: maintain all aspects of the countywide system; expand the system to cover all areas of the county; provide financial incentives to keep existing trauma centers within the system; and pay for the costs of trauma centers.

Under this program, Los Angeles County would transfer Measure B tax revenues to the State. These funds would constitute the non-federal share of the enhanced payments for Medi-Cal trauma and emergency room services provided to Medi-Cal beneficiaries by eligible private trauma hospitals. DHS would claim federal funds (federal financial participation) with respect to the enhanced payments. Accordingly, the enhanced payments to private trauma hospitals under this program will come from local public funds generated by Measure B and federal funds. No State General Funds will be expended. This program is scheduled to be effective July 1, 2003, after federal approval is obtained.

PUBLIC REVIEW

The proposed amendment to California's Medicaid State Plan, which details the changes discussed above, is available for review at local county welfare offices throughout the State. Copies of this notice may be requested and written comments may be sent to Nancy Hutchison, Chief, Long Term Care System Develop-

ment Unit, Department of Health Services,
714 P Street, Room 1550, Sacramento, CA 95814.

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (Proposition 65)

NOTICE TO INTERESTED PARTIES

CORRECTION TO THE LIST OF CHEMICALS AS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER OR REPRODUCTIVE TOXICITY

The Office of Environmental Health Hazard Assessment (OEHHA) is making a correction to the list of chemicals as known to the State of California to cause cancer or reproductive toxicity which was published on **June 6, 2003** in the California Regulatory Notice Register (Register 03, No. 23-Z). The chemical, *erionite*, was listed on October 1, 1988 as a chemical known to the State to cause cancer with a Chemical Abstract Service (CAS) number of 12510-42-8. It was recently brought to OEHHA's attention that there is an additional CAS number, 66733-21-9, assigned to the

chemical *erionite*. Accordingly for clarification, the chemical *erionite* is listed with two CAS numbers as a chemical known to the State to cause cancer.

Following is the correct listing for the chemical:

Cancer

Chemical	Previously Listed CAS No.	Correct CAS No.	Date of Listing
Erionite	12510-42-8	12510-42-8/ 66733-21-9	October 1, 1988

A complete, corrected chemical list is published elsewhere in this issue of the *California Regulatory Notice Register*.

**INFORMATIVE DIGEST/POLICY
STATEMENT OVERVIEW**

The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly known as Proposition 65 (hereinafter referred to as "the Act"), prohibits a person in the course of doing business from knowingly and intentionally exposing any individual to a chemical that has been listed as known to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual (Health and Safety Code Section 25249.6). The Act also prohibits such persons from knowingly discharging a listed chemical into water or onto or into land where such chemicals pass or probably will pass into any source of drinking water (Health and Safety Code Section 25249.5).

For chemicals known to the State to cause cancer, an exemption from the above requirements is provided by the Act when a person in the course of doing business is able to demonstrate that an exposure for which he or she is responsible poses no significant risk or that a discharge which otherwise complies with all applicable requirements would not cause any significant amount of the discharged or released chemical to enter any source of drinking water (Health and Safety Code Sections 25249.9 and 25249.10). A determination that a level of exposure poses no significant risk may be made utilizing regulations that have previously been adopted by the Office of Environmental Health Hazard Assessment (22 California Code of Regulations, Sections 12701–12721). Section 12701 describes alternative methods for making such a determination. Section 12705 sets forth the process by which the Office of Environmental Health Hazard Assessment may identify specific regulatory levels for determining “no significant risk” for purposes of Proposition 65.

For chemicals known to the State to cause reproductive toxicity, an exemption from the warning requirement is provided by the Act when a person in the course of doing business is able to demonstrate that an exposure for which he or she is responsible produces no observable reproductive effect, assuming exposure at 1,000 times the level in question (Health and Safety Code Section 25249.10). The maximum dose level at which a chemical has no observable reproductive effect is referred to as the no observable effect level (NOEL). The Act also provides an exemption from the prohibition against discharging a listed chemical into sources of drinking water if the amount discharged does not constitute a “significant amount” as defined and the discharge is in conformity with all other laws and regulatory requirements (Health and Safety Code Sections 25249.9 and 25249.11). The term “significant amount” is defined in a manner that equates to the level that triggers the warning requirement. Thus, these exemptions apply when an exposure or discharge does not exceed the NOEL divided by 1,000. One method by which a person in the course of doing business may determine whether an exposure or a discharge is exempt from the Act is by application of the specific regulatory level for the chemical in Title 22, California Code of Regulations, Section 12805. The levels in Section 12805 represent the maximum dose level at which the chemical has no observable reproductive effect, given an exposure at one thousand (1,000) times the level in question.

This amendment to Section 12705(b) would adopt the following “no significant risk” levels for chemicals listed as known to cause cancer:

Chemical	NSRL, in units micrograms per day	Reference
Benz[a]anthracene (oral)	0.033	OEHHA (2003a)
Benzene oral	6.4	OEHHA (2003b)
inhalation	13	
Benzo[b]fluoranthene (oral)	0.096	OEHHA (2003c)
Benzo[j]fluoranthene (oral)	0.11	OEHHA (2003c)
Bromoform	64	OEHHA (2003d)
Chrysene (oral)	0.35	OEHHA (2003c)
7H-Dibenzo[c,g] carbazole (oral)	0.0030	OEHHA (2003a)
Dibenzo[a,h]pyrene (oral)	0.0054	OEHHA (2003c)
Dibenzo[a,i]pyrene (oral)	0.0050	OEHHA (2003c)
5-Methylchrysene (oral)	0.0084	OEHHA (2003c)

The amendment to Section 12805 would adopt the following regulatory levels for chemicals known to the state to cause reproductive toxicity:

Chemical	MADL, in units micro- grams per day	Reference
Arsenic (Inorganic Oxides) (oral)	0.1	OEHHA (2003e)

The risk assessments which were used by the Office of Environmental Health Hazard Assessment to determine the stated levels are as follows:

IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The Office of Environmental Health Hazard Assessment (OEHHA) has determined the proposed regulatory action would not pose a mandate on local agencies or school districts nor does it require reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. The Office of Environmental Health Hazard Assessment has also determined that no nondiscretionary costs or savings to local agencies or school districts will result from the proposed regulatory action.

COSTS OR SAVINGS TO STATE AGENCIES

OEHHA has determined that no savings or increased costs to any State agency will result from the proposed regulatory action.

EFFECT ON FEDERAL FUNDING TO THE STATE

OEHHA has determined that no costs or savings in federal funding to the State will result from the proposed regulatory action.

EFFECT ON HOUSING COSTS

OEHHA has determined that the proposed regulatory action will have no effect on housing costs.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS, INCLUDING ABILITY TO COMPETE

OEHHA has made an initial determination that the adoption of the regulation will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

IMPACT ON THE CREATION, ELIMINATION, OR EXPANSION OF JOBS/BUSINESSES

OEHHA has determined that the proposed regulatory action will not have any impact on the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business within the State of California.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

OEHHA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

OEHHA has determined that the proposed regulation will not impose any requirements on small business. Rather, the proposed regulation will assist small businesses subject to the Act in determining whether or not an exposure for which they are responsible is subject to the warning requirement or discharge prohibition.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), OEHHA must determine that no reasonable alternative considered by OEHHA, or that has otherwise been identified and brought to the attention of OEHHA would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

OEHHA has prepared and has available for public review an Initial Statement of Reasons for the regulation, all the critical information upon which the regulation is based, and the text of the regulation.
